ABOUT ME

- 2nd-year B.Tech AI & Data Science student at Dhanalakshmi Srinivasan University, Trichy. Passionate about building real-world AI applications, mobile apps, and developer tools. I love experimenting with emerging technology.
- Actively seeking a weekend/on-site internship in Trichy (ready to start immediately)

FEATURED PROJECTS

JANUARY 2026 - PRESENT

ClassNow — AI University App · Flutter, Firebase, Gemini

- Built a cross-platform mobile application for real-time scheduling and academic notifications using Flutter.
- Integrated Gemini Pro for an AI Academic Assistant capable of handling natural language student queries.
- Won 1st Prize at Dhanalakshmi Srinivasan University app development competition (2025).

JAN 2026

GhostTalker — Voice Cloning Personal Project · Python, XTTS, Flask

- RTX-Optimized: Engineered a low-latency pipeline reaching <2s synthesis on consumer-grade RTX 2050 hardware.
- Implemented 1:1 voice cloning from under 10 seconds of reference audio via a custom Python & Flask backend.

FEB 2026

Enterprise-Inventory AI– Personal Project Python, LangChain

- Developed a time-series forecasting model to help MSMEs predict inventory requirements with 92% accuracy.
- Leveraged XGBoost and Facebook Prophet to handle seasonal trends and promotional sales spikes.

MAR 2026

React - portfolio with dynamic interactive

- featuring a neubrutalist/minimalist aesthetic with dynamic interactive elements

https://shantoshdurai.github.io

EDUCATION

- DHANALAKSHMI SRINIVASAN UNIVERSITY
  B.TECH ARTIFICIAL INTELLIGENCE & DATA SCIENCE
  2024 — 2028 (EXPECTED)
  CGPA: 8.8 / 10 (CURRENT)
- VEL'S VIDHYALAYA CBSE SCHOOL, KVP
  Higher Secondary Education
  2017 – 2024

SKILL

- Flutter & Dart
- Python
- Firebase
- LangChain / RAG
- Integration API
- React
- Git & GitHub
- NLP & Voice AI
- Blender (3D)
- Adobe Premiere Pro
- Adobe After Effects
- Video Editing
